

LOADING OF GOODS IN BRATISLAVA

Šaľa, 13/03/2020

In view of the actual epidemiological situation re. COVID-19 Duslo, a.s. have taken precautionary measures for our plant located in the city Bratislava (Sulfenax production).

Please inform your forwarders/drivers to comply with the following rules after entering the plant:

- entry to the loading area is allowed with protective mask only
- the driver must stay in the truck after arrival at loading area of Sulfenax and contact by phone the loading staff:
Mrs. Karin Kollárova: +421 918 572 859 or
Mr. Vladimír Laktiš: +421 911 081 563
(If the driver does not speak Slovak, Czech, English, German or Hungarian, the forwarder/buyer is obliged to contact the sales department, that the truck is ready for loading.)
- the loading staff will instruct the driver on next steps
- the driver may leave the truck during the loading process only
- the driver must stay in the truck after the loading and will wait for all shipping documents being brought by loading staff
